

# Environmental Management System

## Environmental Objectives and Targets

<p><b>Objective 1</b> <i>Ensure the University continues to operate in accordance with all legislation relevant to environmental management.</i></p>		
<b>Targets</b>	<b>Key Performance Indicators</b>	<b>Person Responsible</b>
<p>1. Receive no penalties for breaches of legislation relevant to environmental management.</p> <p>2. Comply with all operating requirements and conditions required by legislation relevant to environmental management including but not limited to: licenses, sections of acts and regulations, development approvals, guidelines, operating procedures, legislatively defined management plans and reports, agreements, and construction management plans.</p>	<p># penalties/year. (Goal = 0/year)</p> <p>(TBD. Possibilities:  <ul style="list-style-type: none"> <li>• % of non-compliant audits.</li> <li>• # of non-compliant audits,</li> <li>• # of non-compliances.)</li> </ul> </p>	<p>Sustainability Manager</p> <p>Manager Sustainability</p>
<p>(Environmental Policy reference: Strive for continuous improvement of environmental performance by identifying and addressing environmental risk. Make available procedures for minimising risk that comply with local, state and federal environmental legislation with the goal of attaining best environmental practice.)</p>		

<b>Objective 2</b> <i>Continue to improve the University's environmental sustainability, prioritised by environmental risk.</i>		
<b>Targets</b>	<b>Key Performance Indicators</b>	<b>Person Responsible</b>
1. Minimise the University's greenhouse gas emissions.	Net kg emitted CO <sub>2</sub> /year (Target: to be determined)	Project Officer, Sustainability
2. Minimise the volume of potable water being consumed.	% reduction in kL/GFA based on 2005/06 annual figures. (Goal: 25%)	Project Officer, Sustainability
3. Minimise use of resources and waste.	<i>(Still to be determined)</i>	Project Officer, Sustainability
4. Minimise environment risk from existing contaminated land sites on University properties.	# of non-compliances against EPA conditions for managing contaminated sites. (Target = 0)	Manager Sustainability
(Environmental Policy references: <ul style="list-style-type: none"> <li>▪ Consider sustainability issues in the decision making process of planning and managing the University's operations and activities.</li> <li>▪ Strive for continuous improvement of environmental performance by identifying and addressing environmental risk. Make available procedures for minimising risk that comply with local, state and federal environmental legislation with the goal of attaining best environmental practice.)</li> <li>▪ Promote and encourage environmental awareness and training to ensure individuals throughout the University are aware of their environmental responsibilities.</li> </ul>		

<b>Objective 3</b> <i>Encourage the University community to be involved in environmental management.</i>		
<b>Targets</b>	<b>Key Performance Indicator</b>	<b>Person Responsible</b>
1. Provide opportunities for mutual support of operational and academic interests in relation to environmental management.	# of completed student projects as per schedule	Sustainability Coordinator
2. Develop and implement training and awareness programs that promote improving outcomes and sustainability performance across the University.	# of training and awareness programs completed as per schedule.	Sustainability Coordinator
Environmental Policy reference: <ul style="list-style-type: none"> <li>▪ Consider sustainability issues in the decision making process of planning and managing the University's operations and activities.</li> <li>▪ Promote and encourage environmental awareness and training to ensure individuals throughout the University are aware of their environmental responsibilities.</li> </ul>
