

## Environmental Management System

# Herston site Green Waste Work Instruction

---

### 1. Work Instruction Scope

This work instruction supports the University of Queensland Green Waste Operating Procedure and applies to the Herston site.

### 2. Collection and storage

Green waste is collected by the Property and Facilities Division - Grounds staff or their contractors as appropriate. If the waste is to be stored, it can be transported to the Division's St Lucia campus Riverside Compound by Grounds staff only.

### 3. Contacts

Any enquiries regarding the management of the Green waste stream shall be addressed to personnel as follows:

Activity	Department	Contact	Telephone
Grounds Maintenance	Property and Facilities Division	Senior Supervisor Grounds	(07) 336 <u>52747</u>
